

## DRIVERS' STRIKE DECLARED OFF

After an All-Night Conference, Satisfactory Terms Are Reached.

## TEAMSTERS WIN

The Conditions Do Not Allow That Any Man Who Went Out Shall Suffer.

## PLAN AVERTS RIOTS

Chicago, June 5.—After an all night session between the packers' representatives and the teamsters' delegates at the Grand Pacific Hotel, a settlement of the stock yards strike was reached this morning on the following terms: "Cart drivers to receive eighteen cents an hour. Single wagons twenty cents and two horses twenty-two and one-half cents; four horses twenty-seven and one-half and six horses, thirty."

**Strikers Re-instated**  
All strikers are to be re-instated without prejudice and there is to be no work on Labor day. The packers however, refused to employ only union men but agreed not to discriminate against them.

**Victory For Men**  
It means a practical victory for the men. As a consequence of the settlement the boycott established by the ice and coal drivers is declared off. There is much rejoicing everywhere at the termination of the riots.

**A Long Session**  
The session of the packers and the striking teamsters began yesterday afternoon at the Grand Pacific Hotel. The terms finally granted by the packers while not as liberal as those demanded by the teamsters at first, are entirely satisfactory to the drivers and their supporters, the ice and coal drivers.

**Yesterday a Bad Day**  
During yesterday, five distinct riots took place in the downtown portion of the city. Sixty-seven men were arrested and sixty taken to the hospitals.

One striking teamster was struck by a driver for Irwin Brothers with a knife and was badly injured while under arrest. This is the only fatality that will probably result from the riots.

**Called by Mayor**  
The meeting last night was called by the mayor and the following firms were represented: Manager Connors, Armour & Co.; Edward Morris of Nelson Morris & Co.; Louis F. Swift, of Swift & Co.; Superintendent Edward Tilden of Libby, McNeill & Libby; N. G. Conybear of the T. J. Lipton company; Mayor Harrison; City Clerk Loeffler; Chairman F. W. Job, Chauncey B. Gekker, Ashley, Ill.; and W. A. Mathis, Clinton, Ill.; of the State Board of Arbitration; President Young, Business Agent George F. Golden, Secretary E. L. Turley, and men from all the packing houses representing the teamsters.

## FIND SICK MAN LYING ON STREET

Beloit College Student Picked Up in a Dazed Condition by the Police Patrol.

Giving his name as Case, his residence as Chicago, and his present stopping place as Beloit college, a young man was found by the police in a dazed condition and taken in the patrol wagon to Dr. M. A. Cunningham's office.

It was a few minutes after eight this morning that a call was sent to the West Side Engine house for the patrol wagon, to come for a man that was lying on the sidewalk under the railway viaduct on North Franklin street. He was supposed to be badly hurt.

**Found Under Viaduct**  
The patrol wagon hurried to the scene and found the man giving his name as Case, lying on the walk as described. From first appearances it was thought that he had fallen from a train or from the bridge itself while walking across. He was in a dazed condition and it was not until he was in the doctor's office that he could tell who he was and where he was from.

**No Memory**  
Previous to being picked up he had no recollection of how he got there or what happened to him. An examination by the doctor showed that no bones were broken and that with the exception of a few cuts on his face was not damaged at all.

**Had A Fit**  
Dr. Cunningham explains the young man's condition that he had an epileptic fit and fell to the sidewalk. This would explain the scratches on his face and do away with the theory that he had fallen from the bridge or a passing train.

**Goes To Beloit**  
While he still seemed to be lazy as to just what had happened, Dr. S. Cunningham thought him sufficiently recovered to go to Beloit on the noon train and with thanks to the police and the doctor the young man left.

Because he was charged with having broken fifteen beer kegs up and burned them and then found innocent, a Milwaukee boy is suing the brewery company for \$5,000 damages to his character.

## WASHINGTON HAS NEW DIPLOMATS

England and Spain Both Appoint New Ministers to the United States That Are Acceptable.

Washington, June 5.—Great Britain has appointed Hon. Michael Henry Herbert Lord Pauncefoot's successor as ambassador to the United States, and Spain will send Senor de Ojeda to succeed the Duc de Arcos as minister to Washington. These two appointments were made yesterday.

**An Able Diplomat**  
The selection of Mr. Herbert had been foreshadowed, and formal notice of his appointment simply confirms the judgment of high officials here and in London. He is at present first secretary to the British embassy in Paris, with the rank of minister plenipotentiary. He is considered to be especially well fitted for the important post in Washington and the fact that his wife is an American will bring him into closer touch with his new duties. London foreign office officials are especially gratified that King Edward has confirmed their choice, and have assurances that President Roosevelt is thoroughly satisfied with the appointment.

**Made By Request**  
The change in the Spanish legation is a surprise to all outside the immediate circle of the Duke of Arcos' intimates. It is given out in explanation of the change that it was made at the earnest request of the duke, who desires to consult an eye specialist in Brussels. In accordance with his wishes he has been assigned to that city. He has managed his delicate mission here with remarkable tact and has made many friends in the diplomatic world of Washington. His successor, Senor de Ojeda, was secretary of the Spanish peace commission at Paris, and is at present minister to Tangier. He comes to Washington highly recommended.

## CALLS KITCHENER CHILD MURDERER

Redmond, the Irish Nationalist Leader, Creates Excitement in the House of Commons.

London, June 5.—A scene was created in the House of Commons this afternoon during a debate on the proposed grant of fifty thousand pounds to Lord Kitchener. Mr. Redmond, an Irish Nationalist, said that Kitchener's name would go down in history as having made war on women and children.

**Causes Excitement**  
The House was immediately in an uproar. When order was restored Mr. Redmond proceeded, claiming Kitchener was responsible for the death of fifteen thousand children. He was howled down and a motion of closure made and carried.

## LA FOLLETTE DICTATED CHARGES AGAINST WARDEN M'CLAUGHRY

Board of Control Gives Out Statement as to How the Able Prison Official Came to Resign—He Was a Competent Man for the Place.

Drawn up by a Baraboo lawyer, signed by four members of the State Board of Control and dictated by his honor, Governor La Follette, the members of the State Board of Control, last evening gave out a public statement, both weak and fishy, as to the real reason, they allege, that caused Mr. McLaughry, warden of Waupun prison to resign.

The statement which follows in part, shows clearly that up to the time Gov. La Follette filed charges that McLaughry had ill-treated prisoners and used foul language, they, the board, had been considering re-appointing him for another term as warden. That they considered him a perfectly competent and able man for the place of warden.

The statement goes on to say that the charges brought by the governor were accompanied by affidavits which entirely sustained all charges. That the complaints should have come from the Governor to the Board of Control seems a strange thing. Had they come directly to the board from outside sources as is customary the excuse which follows would not have been needed to try and hide the political ear-marks of the whole dealing:

Madison, Wis., June 5.—(Special.)—A statement of the facts leading up to the resignation of Warden McLaughry of the state prison, and the prompt acceptance thereof, was issued last night by the state board of control, the statement being brought out by the amount of talking the warden has been doing through the newspapers.

In its statement the board admits that the services of Mr. McLaughry have been commendable, his discipline in the prison good, and that his acts as a rule have been commended by the board, and that it was the intention of the board to re-appoint him but says that before this was done charges were filed with the board by Governor La Follette accusing Mr. McLaughry of cruel and inhuman treatment of prisoners, infliction of severe punishment for trivial matters, use of abusive and profane language toward them, a violent and ungovernable temper, partiality to favorites, and rude and insulting treatment of visitors to the prison.

These charges, the board states, sustained by about twenty affidavits, were submitted by the Governor with no further suggestion than that they be investigated, and that if such investigation were had that some member of the board take charge of the prison, temporarily. The board says in its statement: "The Governor made no further or other suggestion."

## TAFT RECEIVED BY POPE LEO

Presents the Pontiff with President Roosevelt's Compliments and a Case of Books.

Rome, June 5.—The Taft commission was received by the pope this morning at a special audience. The reception was most cordial, the Pope affably expressing pleasure at seeing the Governor in Rome. Governor Taft, presenting Roosevelt's letter to the Pope made a brief address congratulating the pontiff upon his jubilee and expressing the hope that his presence in Rome would prove profitable both to the church and the Philippines, and ended by presenting a case of books from President Roosevelt. The Pontiff was delighted and thanked the President and Gov. Taft. The audience then became friendly in conversation. Later the commission visited Cardinal Rampolla.

**VOLCANOE MAY DECIDE THE ROUTE**  
Hanna Favors Panama Because There Are No Volcanoes—Other Route Has Thirty-Nine.

Washington, D. C., June 5.—In illustration of his speech and to combat the assertions of Sen. Morgan that there is no danger to be feared from volcanoes on the Nicaraguan canal route, Senator Hanna today produced in the senate a large map showing the active and dead volcanoes in the isthmian territory which shows that within a radius of one hundred miles on each side of the Nicaraguan route there are thirty-nine active volcanoes. On the Panama route there is not a single volcano active or extinct and the Orinoco senator supported the latter proposition for that season.

## ANOTHER CURIOSITY

Beads From Africa Find Their Way to Mr. Parker's Collection

George S. Parker has received a valuable addition to his collection of curios. It is a double string of small beads sent him by one of his customers in Egypt. The beads are a genuine antique, being at least two thousand years old and are a relic of ancient Thebes. They are very small and were made by hand, no two being exactly alike. Accompanying the beads was a small image of a mummy, which is about the same age.

## ANOTHER LETTER BY WHITEHEAD

Tells of the History of the Tax Commission from Where He Left Off.

## HOLDS COMMENT

On Action of the Governor in His Message to the Legislature.

## ATTACKED THE LAW

Following in the footsteps of his three previous letters Senator Whitehead takes up the Tax Commission problem just where he left it off and continues to show what the commission was and what Governor La Follette would have made it had all his plans for sweeping reform been made and the entire power and control of this important body been placed directly in his control.

In the message which the governor sent to the legislature he demanded that radical changes be made in the board. He did not believe that the commissioners should be allowed to expend large sums of money for research. That they should report to him and not to the legislature, that they should not be allowed to hire clerks and statisticians in following out their work when there already was such an office directly under the control of the Governor. In fact the message closed by recommending that the commission look to the laws at present in operation rather than try and reform.

Senator Whitehead makes no comment on the message to the legislature in this letter leaving that for some future date. The letter, follows:

Janesville, Wis., June 5, 1902.

To The Gazette:  
The Governor stated objections to the statute under which the Commission was created, and recommended changes therein as follows:

"One of the first questions you should consider in dealing with the subject of taxation is the law creating the Commission itself. A careful examination of it will, I believe, convince you that it requires very radical amendment, or that it should be entirely recast and re-enacted."

"One provision of this law seems to me very objectionable as a matter of public policy. There is absolutely no limit or check whatever upon the expenditure of money which may be made under it. In terms it authorizes the employment of any number of persons, to be paid salaries as the Commissioner, who is empowered to place them on the pay roll, may determine. In addition to this, the law warrants the payment of expenses and disbursements on account of the Commissioner, his assistants and clerks, without limitation, itemized accounts, vouchers, or the approval of any other officer of the state. In this respect I think the law is without example or parallel in the statutes of the state. Certain it is, if there be precedent for such legislation, it should not be enlarged. Under a provision nearly, if not quite, as bad, it is reported that a sister state has incurred an expense of over one hundred thousand dollars for one year's work by her Tax Commission."

"Another feature of this law which I believe can be changed with great advantage to the important duties of the commission and economy to the state is the transfer of all statistical work to the bureau of statistics. Work of this character requires the services of men trained to the business. It should be under the supervision and control of the Commissioner of statistics, whose reputation would at once give authority to this branch of the work, and guaranty rapidity and accuracy in its execution. This would relieve the Commission of the burden of attempting to build up a statistical bureau, and of supervising that special class of work, with which they can be acquainted only to a limited extent. To obtain the best results, it seems to me the Commission should be free to give their time wholly to the vigorous enforcement of existing law, a critical study of its practical operation, and the development of better methods suggested by intelligent and discriminating observations and experience. Their valuable time should not be spent in supervising an office force in the performance of clerical and statistical work. There has for some time been employed in this office, besides the commissioner and his two assistants, a force costing \$6,700 per annum. I urge upon your attention the advisability of relieving the commission of the performance of all labor of this character, believing that in so doing you will save money for the state, and, at the same time advance the important work of the commission."

"This act further provides that the tax commission shall report to the legislature on the first day of the session the results of its investigation and such legislation as they have formulated for the equalization of taxes. The constitution, and well-observed custom, make it the duty of the executive to submit to the Legislature upon its assembling his views respecting legislation and such recommendations as he may have to make. The act charges the Executive with the appointment of members

## ORGAN RECITAL A RARE TREAT

BRILLIANT AUDIENCE DELIGHTED  
AT CONGREGATIONAL CHURCH.

Harrison Wild, the Talented Organist  
of Chicago, Ably Assisted by Mrs.  
John G. Rexford, Gives the Open-  
ing Concert on the New Memorial  
Organ—An Artistic Program.

One of the most significant musical  
events in the history of the city took  
place at the Congregational church  
last evening, when the new memorial  
organ was heard by the public for  
the first time. The fact that the  
great instruments were controlled by  
the master hand of so great an artist  
as Harrison M. Wild, organist of  
Grace Episcopal church, Chicago,  
added infinitely to the pleasure of  
the occasion.

Janesville was never represented  
by a more magnificent audience than  
the one that assembled last evening,  
taxing the seating capacity to its  
utmost and making the use of many  
chairs necessary. The audience was  
one of culture and most critical taste  
capable of the keenest enjoyment of  
the high class program which was  
presented.

**Organist is A Genius**  
Mr. Wild is one of the great or-  
ganists of the present day. He  
knows the instrument thoroughly,  
the value of all its stops and combina-  
tions and he uses them with an ef-  
fectiveness and originality which is  
positive genius.

Mr. Wild's program of last eve-  
ning was a delightful treat to mu-  
sic lovers, every number being a  
classic. So well were they interpreted,  
however, that no technical knowl-  
edge of music was required to enjoy  
them. People, musically informed,  
were delighted and those who scarce-  
ly knew a fugue from a sonata by  
name found pleasure just as keen in  
accepting the melody without ques-  
tioning as to why.

**A Classical Program**  
Mr. Wild's program included "Oc-  
casional Overture" by Handel, "Pas-  
torale" by Gullmunt, "Toccata and  
Fugue in D Minor" by Bach, "Ben  
Hur's Lament" by Steene, "Reverie"  
by Barnes, "Tannhauser March" by  
Wagner, "Spring Song" by Mendel-  
sohn, "Andantino" by Lemare, "An  
Autumn Sketch" by Brewer, "Intro-  
duction and March" by Gleason, "In  
Paradise" by Dubois, and "Grande Of-  
fertoire de Ste Cecile" by Baliste.

This closing number brought out  
more effectively than any other the  
magnificent volume of melody of  
which the organ is capable. The full  
organ, including the echo organ, was  
brought into use, making a grand  
climax for the evening of music. The  
"Tannhauser March," "Spring Song,"  
"An Autumn Sketch" and "Pastorale"  
were favorites with the audience, Mr.  
Wild's work being equally good in the  
inspiring power of the march as in  
the delicate, graceful movements of  
the more delicate selections.

Two encores were given during the  
program and they were among its  
most delightful numbers, being "Pas-  
torale" by Wachs and "Communion"  
by Baliste. The audience simply  
went wild with delight over this  
number and Mr. Wild was com-  
pelled to play it the second time.

**Mrs. Rexford A Favorite**  
The organist was charmingly as-  
sisted by Mrs. John G. Rexford whose  
vocal solos were pleasing and who  
shared the honors of the evening with  
Mr. Wild.

Mrs. Rexford's appearance was the  
signal for a storm of applause and  
she was compelled to respond to an  
encore after each number. Her me-  
lancholy soprano voice was at its  
best last evening and she sang beau-  
tifully. The selections chosen were  
"Elsa's Dream" from "Lohengrin" by  
Wagner and "Cavatina" from "The  
Barber of Seville" by Rossini. For  
encores she sang two dainty little  
songs, "Phis Secret" by Schlesinger  
and "Slumber Boat" by Jessie L.  
Gaynor. Mr. Wild played her ac-  
companiments and at the close of her  
first number Mrs. Rexford was pre-  
sented with a large bouquet of pink  
roses.

**A Magnificent Organ**  
The organs, which were heard for  
the first time last evening, are mag-  
nificent instruments, being among the  
very finest in the country. The dis-  
tinctness of each note, the sweetness  
and richness of tone, the power of its  
full melody and the effectiveness of  
the echo organ which sounds like  
sweet distant voices make it an or-  
gan which will be the pride of  
Janesville as well as of the Congre-  
gational church. Mr. Wild, who  
plays a Kimball organ in Grace  
church says that they are unequalled  
for smoothness of tone, majesty of  
melody and ease of action. His tes-  
timony is that the Janesville organ  
is one of the best.

**A Beautiful Memorial**  
Surely no more fitting memorial  
could be erected to the beautiful life  
of the late Mrs. Grace Mount-Jeffris  
than to her son the late Thomas Jeffris  
than the one which finds expression  
in the magnificent organ which is the  
gift of the bereaved husband and father,  
David Jeffris, to the Congregational  
church. The novel and beautifully  
effective echo organ is a memorial  
to the late James Webb, being the  
gift of Mrs. Webb. The organs will  
be formally dedicated by the church  
next Sunday.

## CROPS REPORT

"U. S. Department of Agriculture,  
Climate and Crop Bulletin of the  
Weather Bureau, Wisconsin Section,  
for the week ending June 4:

**General Remarks:** The week opened  
decidedly cool, with frosts of more  
or less severity in all parts of the  
state on Monday and Tuesday nights.  
Ice formed in many localities in the  
northern counties and tender vegeta-  
tion was considerably damaged, espe-  
cially on low ground. In the central  
and southern sections the frosts  
were generally light and did very lit-  
tle damage.

The soil dried out very quickly af-  
ter the heavy rains of last week, and  
was generally in condition to work  
by the middle of the week, except  
on low ground. In most sections  
corn and potato land was ready and  
planting proceeded rapidly during  
the latter part of the week. Thus  
far the season has been exceptionally  
favorable and the present prospect  
for all crops is very hopeful.

**Temperature:** Freezing tempera-  
tures occurred in some localities in  
the northern section on Monday and  
Tuesday nights, and light to heavy  
frosts elsewhere. The damage was  
confined to tender vegetation on  
low ground and was not great. The  
latter part of the week was warm.

**Precipitation:** There was practi-  
cally no rain during the week until  
Saturday, when light showers oc-  
curred generally. On Sunday copious  
to heavy rains occurred in the north-  
ern and western counties. The soil  
is thoroughly saturated and crops on  
low grounds are beginning to suffer  
on account of excessive moisture.

**Corn:** The week was very favor-  
able for the completion of planting.  
Early plantings are up and look thick-  
ly, although many fields are very  
weedy. Dry weather is needed to  
allow of cultivation.

**Winter Wheat and Rye** have made  
excellent progress and are headed out  
nicely. The stand is good and the  
plants thrifty.

**Spring Grains:** Growth was not  
materially retarded by the cool weather  
during the early part of the week.  
Oats and barley are in excellent con-  
dition, except on low land, where  
flooded by excessive rains of last  
week.

**Meadows and Pastures:** The present  
outlook is favorable for a very  
heavy hay crop. Clover is begin-  
ning to blossom and promises a good  
yield. Pastures are in excellent con-  
dition.

**Fruit:** The frost caused some  
damage to fruit in a few sections,  
but generally the prospect is favor-  
able for small fruit. Apples are set-  
ting well, but not sufficiently ad-  
vanced to give indication of yield.

**Southern Section**  
Sylvan, Richland county: Week  
dry and cool; light frost, Sunday and  
Monday mornings; corn planting well  
along; ground wet; all crops look-  
ing well.—J. W. Grim.

**Baraboo, Sauk County:** Light frost  
Monday night did some damage in  
low places; clover beginning to  
bloom; some fields of corn badly  
washed will require replanting.—W.  
A. Toole.

**Watertown, Dodge County:** Plenty  
of moisture; small crops look thrifty;  
corn planting mostly finished; show-  
ers Saturday night and light frost  
Tuesday night.—A. Kreuger.

**Black Earth, Dane County:** Weather  
fair and warm all week; all crops  
making rapid growth; corn all plant-  
ed and coming up well; some replant-  
ing being done.—F. Stubley.

**W. M. WILSON, Section Director,**  
Madison, Wis., June 5.—(Special.)  
—Reports to Secretary True of the  
State Board of Agriculture from over  
fifty correspondents in the state,  
show Wisconsin crops in a very fa-  
vorable condition. Spring and oats  
are five per cent. above the average,  
winter wheat and rye normal, small  
fruits are below the average rate at  
ninety per cent. There is an in-

## JANESVILLE CHOSEN

**Mystic Workers of the World Choose  
This City For Next Session**

The fifth biennial session of the  
Mystic Workers of the World will be  
held in Janesville in 1904. O. S.  
Morse, attended the meeting held in  
Rockford yesterday and secured the  
meeting for Janesville against a large  
field of competitors, who were anx-  
ious for the meeting. It will bring  
many people to this city and do much  
to advertise the town.

The picnic of the order will be held  
in this city on June 14 and it is ex-  
pected that a large crowd will at-  
tend.

## MODERN WOODMEN ENJOY ROCKFORD

Twenty Thousand Invade the Sucker  
City and Make Merry—Janes-  
ville Next Year.

All roads led to Rockford yester-  
day and early in the morning excu-  
sion trains began to arrive, bring-  
ing in thousands of Modern Woodmen  
and their friends to attend their an-  
nual picnic.

It is estimated that there were  
about twenty thousand visitors in  
Rockford during the day. The rail-  
roads carried almost eighteen thou-  
sand people and the electric lines  
brought in a good many. The Chicago  
Milwaukee & St. Paul road carried  
eight thousand people and the North-  
western, Illinois Central and Burling-  
ton, the balance.

## Orderly Crowd

It was an orderly crowd and gave  
the police very little trouble. There  
were plenty of places where the peo-  
ple could get all that they wanted to  
eat, so that no one suffered on this  
account.

## Big Parade

The pageant was reviewed by Lieu-  
tenant Governor A. J. Northcott,  
head consul and other prominent of-  
ficials of the order. The drills and  
platform exercises were held during  
the afternoon at the Fair grounds.

## Splendid Address

The address of the day was deliv-  
ered by former Congressman John J.  
Lentz of Columbus, O., on the subject  
of "Fraternalism." The first prize  
in the Foresters' drill was won by  
Rock Island team; second prize by  
Elgin, Ill.; and third prize by Beloit,  
Wis. The Royal Neighbors' drill  
contest resulted in a tie between  
Sterling, Ill., and Madison, Wis. The  
Band Contest was won by the Nation-  
al Band of Belvidere, second place  
being awarded the Freeport band.

## BELOIT IS DEFEATED

**State, University Team Retrieves  
Past Defeats in Good Game**

Madison, Wis., June 5.—By hard  
hitting and perfect fielding Wiscon-  
sin won from Beloit yesterday by a  
score of 4 to 0. Smith pitched a  
magnificent game for Wisconsin, and  
allowed only two hits. Morey pitch-  
ed a good game, striking out six  
men, but was landed on for six hits.  
The features were the battling of  
Muckelton and Harkin and a catch  
of a line drive by Slater. Beloit  
has won three of the five games played  
with Wisconsin. Score:

## THE RIGHT WAY TO BLOW THE

NOSE.

The International Kindergarten  
Union convention seems to have  
brought out considerable discussion,  
much honor and many women. "The  
address of President Elliot of Har-  
vard university was highly instruc-  
tive," said Charles Parton of Boston  
at the Murray Hill yesterday. "He  
made a plea for the education that  
educates by 'showing how,' and il-  
lustrated his plea with a little story.  
A friend of his became deaf not long  
ago, and the president asked him  
what was the cause. 'I was blow-  
ing my nose,' the friend answered,  
when suddenly I felt something snap  
in my ear, followed by aching and  
dullness. When the doctor came,  
he said I had split the eardrum, and  
asked how I did it. I told him that  
I only blew my nose.' 'Well, if you  
had opened your mouth when you  
blew your nose, you would not now  
have a damaged eardrum,' the doctor  
answered. There was a man Presi-  
dent Elliot pointed out, who had lived  
seventy years and had never been  
'shown how' to blow his nose. This  
story had a deep impression on the  
convention, and it is safe to say that  
many a little kindergarten child will  
be told to open his little mouth when  
he has recourse to his handkerchief.  
The other chief contribution of the  
convention was the decision it reach-  
ed that spanking is only good for the  
circulation. The kindergarten is a  
great institution!"—American Cultivator.

## TESTIMONIALS.

**CASE NO. 1.**—On September 10th,  
Thomas Keena, a hostler for the Iron  
Mountain R. R. at Biwabik, Minn.,  
fell from an engine, a distance of  
eighteen feet, to a coal dock. He  
was unconscious for five days then he  
slowly began recovery. The attend-  
ing physician discovered that there  
was a posterior dislocation at ninth  
dorsal, and predicted no possible cure.  
The patient came for treatment  
on October 25th. Found the condi-  
tion as stated and the second and  
third lumbar vertebrae anterior. At  
this time he could not walk without  
assistance. The treatment was a  
gradual one and continued for forty  
days, once each day. He was dis-  
charged as cured on December 5th  
and has gone back to work.

**CASE NO. 2.**—Harry Hager, six-  
teen months operation of the bowels.  
Was called at 11 o'clock at night.  
The regular physician had just left,  
pronouncing the case hopeless. No  
passage for a number of days. In-  
jections and physics had been used  
freely, with no result. Patient was  
unconscious and temperature 105.  
After two hours' work succeeded in  
getting a passage of bowels and re-  
ducing the temperature. In four  
days patient was so much improved  
that visits ceased.

**CASE NO. 3.**—Miss M.—painful  
menstruation with scanty flow.  
Found great tenderness along entire  
spine. A marked retroflexion. Pa-  
tient took one month's treatment.  
Three months later said she was per-  
fectly well and had had constant im-  
provement from the time of taking  
the treatment to time of complete  
recovery.—C. L. Parsons, O. D., Eagle

## FANS...

We were lucky in getting a  
large assortment of fans, in-  
tended for samples, but as they  
were sent from New York rather  
late, the season being so far  
advanced, the agent decided to  
let us have the lot—about 800  
Fans—and made us a big dis-  
count, which enables us to offer  
them at Bargain Figures—Bear  
in mind, please, that these Fans  
are in perfect condition. They  
were sent by express from  
New York to Milwaukee and  
then direct to us, and were never  
shown on the road. It is  
certainly a rare pick-up. Young  
Ladies about to graduate can  
find here just the right fan.  
They are marked low; the prices  
run: 25, 35, 40, 50, 60, 75 and  
90c, 1.25, 1.50, 1.75, 2.25, 2.50,  
3.50 and \$4.00. While most  
of the Fans are white and white  
with delicate coloring, spangles  
etc., there is a liberal sprinkling  
of handsome Black ones. The  
fans priced at \$1.75 to \$4.00 are  
50c to \$1.50 under price. Call  
early and get first choice.

## Sample Line of LINENS...

## MORGAN UPHOLDS NICARAGUA ROUTE

Opens Debate in the Senate and Speaks for Nearly Three Hours.

### EARTHQUAKES ARE NO MENACE

Declares That Danger from Seismic Disturbances Exists Only in the Minds of Those Opposed to Canal Legislation.

Washington, June 5.—Discussion of the project of constructing an isthmian canal was begun by the Senate. Mr. Morgan (Ala.), chairman of the committee on interoceanic canals, opened the debate, speaking nearly three hours. A considerable portion of his speech was devoted to an examination of the recently suggested danger to the Nicaragua Canal route of seismic disturbances. This danger, he concluded, after a careful review of many authorities, existed only in the imagination of those who desired to defeat any canal project. His study of the situation had convinced him that really there was greater danger from volcanic and earthquake disturbances to the Panama route than to the Nicaragua route, but he was satisfied that little danger to either was to be anticipated.

Mr. Morgan reviewed at length political conditions in Colombia, finding in them a grave menace to the United States in the construction of a canal by the Panama route. He presented also the present phases of the diplomatic negotiations looking to the building of a canal by both the Nicaragua route and by the Panama route. He said the failure of the United States to build the isthmian canal would be an exhibition of moral weakness, influenced either by powerful private interests or by some convulsion of nature which appealed strongly to the imagination. In conclusion the Alabama senator made a powerful appeal for action upon the measure to which he had devoted much of his legislative life.

### DIPLOMATIC CHANGES.

Herbert Succeeds Paunceforte and De Ojeda Takes De Arcos' Place.

Washington, June 5.—Great Britain has appointed Hon. Michael Henry Herbert Lord Paunceforte's successor as ambassador to the United States, and Spain will send Don de Ojeda to succeed the Duc de Arcos as minister to Washington. The selection of Mr. Herbert had been foreshadowed, and formal notice of his appointment simply confirms the judgment of high officials here and in London. He is at present first secretary to the British embassy in Paris, with the rank of minister plenipotentiary. He is considered to be especially well fitted for the important post in Washington, and the fact that his wife is an American will bring him in closer touch with his new duties. London foreign office officials are especially gratified that King Edward has confirmed their choice, and have assurances that President Roosevelt is thoroughly satisfied with the appointment.

### FILIPINOS MAY COME.

No Law to Prevent Their Coming to the United States.

Washington, June 5.—The President made response to a resolution adopted by the Senate at the instance of Senator Hoar a few days ago making inquiry as to whether there is any law in force in the Philippines preventing natives from coming to the United States. The President expressed no opinion of his own, but inclosed the following statement from Secretary Root:

"The War Department knows of no law or regulation in force in the Philippine Islands which will prevent any native of those islands who may so desire, not under arrest and against whom no charge of any offense against the United States is pending, from coming to the United States and stating his views or desires to the President on either houses of Congress."

### Will Probe Army Leaks.

Washington, June 5.—It is probable that an investigation will be made to ascertain whether records of the war department have been furnished to opponents of the Philippine bill while it was pending in the senate by officers of the army or government employees. The questions propounded intimating that General Miles may have supplied letters read in the senate and the tardiness with which the intimations were denied have caused officials of the war department to recommend that a sweeping investigation be made.

### Going to Oyster Bay.

Washington, June 5.—It is expected that Mrs. Roosevelt and the children will leave Washington on Friday for Oyster Bay. It has been stated that the party would go on the Dolphin. It is now said that another vessel may be chosen, probably the Mayflower. Mrs. Roosevelt will return to Washington after the children are settled at Oyster Bay.

### Defeat Submarine Boats.

Washington, June 5.—The house committee on naval affairs voted to postpone indefinitely consideration of the bill of the late Representative Cummings of New York for thirty more submarine torpedo boats. The vote was regarded as something of a

formatory and benevolent purposes for which they were founded. The vicious and cruel prostitution of these institutions to partisan ends by the present administration merits condemnation by the people of the state."

A resolution was adopted endorsing Thomas Taggart for chairman of the Democratic national committee. The nomination of the state ticket completed the work of the convention.

### Indiana Populists' Ticket.

Indianapolis, Ind., June 5.—The Populist state convention, held here, nominated the following ticket: Secretary of state, William Gill; auditor of state, Joseph B. Cline; treasurer, Henry Brockmuth; attorney general, David F. Boger; clerk of supreme court, Barker T. Brown; superintendent of instruction, Louis Patterson; statistician, Edwin S. Pope; state geologist, Albert Shook.

The question of filling the places on the judicial ticket was left to the state committee.

### MOULTRIE FARMER SERIOUSLY WOUNDED

Frank Hortenstein Puts a Bullet into Body of Frank Harpin, With Whom He Had Quarreled.

Mattoon, Ill., June 5.—Frank Harpin, 40 years old, was shot and seriously wounded by Frank Hortenstein near Gays, about six miles from this city. Both men are farmers and members of the most influential families in Moultrie county.

Hortenstein had a wife and three grown sons. He parted from his wife several years ago and since then he has been living with a family of the name of Waltrip, related to Harpin. A misunderstanding arose and the Waltrip family prepared to leave the place, which belonged to Hortenstein. The latter accused Harpin of fomenting the trouble and the men met on the highway.

Harpin was in a buggy and Hortenstein on foot. The men renewed the controversy and Hortenstein shot Harpin in the body. Harpin drove half a mile to his home in a paralyzed condition.

Fearing violence, Hortenstein started across the country to Sullivan to surrender to the authorities. He was captured and lodged in the Moultrie county jail.

### WISCONSIN SUNDAY SCHOOLS

State Association Elects Officers and Adjourns to Meet at Oshkosh.

Portage, Wis., June 5.—The annual convention of the State Sunday School association adjourned to meet next year in Oshkosh. The officers elected were: President, S. B. Harding, Waukesha; vice-president, Prof. C. W. Treut, Appleton; secretary, Mrs. Anne Kurtz, Milwaukee; treasurer, Mr. Cappon, Milwaukee; superintendent primary work, Mrs. C. B. Jaeger, Portage; superintendent home department, Rev. W. A. McKillip, Waukesha; superintendent evangelistic department, Rev. J. T. Chynoweth, Sheboygan; international vice-president, T. M. Hammond, Milwaukee.

### JOLIET FEARS ANOTHER FLOOD

Receding Waters Followed by Rain Cause Apprehension.

Joliet, Ill., June 5.—Police protection was necessary to allow the city employees to continue the work of digging a conduit at Chicago street in the southern part of the city to let out the flood waters lodged above. The residents there feared that they would be flooded out and for a time would not allow the men to continue their work. It was rumored that the controlling works at Lockport were in danger and many citizens made preparations to move from the low lands.

The waters are slowly receding, but rain is falling and there is considerable apprehension in consequence. The Rock Island bridge over the drainage channel is in a bad way. Gangs of men are at work trying to save it from collapse.

### River Rising at Havana.

Havana, Ill., June 5.—The river here is bank full and rising steadily about two inches every day. Should the rise continue many thousand acres of land in cultivation will be flooded and lost.

Miss Minerva Coon, of Edgerton, visited with Janesville friends yesterday.

"I do not look as though I ever was sick."

"When a woman is sick she falls off in looks. This is particularly the case when she suffers from diseases peculiar to her sex. Not only is her strength undermined, but she loses beauty of face and grace of form."

It is characteristic of the cures of womanly diseases effected by the use of Dr. Pierce's Favorite Prescription, that with restored health there is a restoration of good looks.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I wish to thank you for the good your medicine has done me," writes Mrs. Mac Brown, of Canton, Fulton Co., Ill. "I was troubled with female weakness and doctored with several different doctors. They did not seem to help me. Indeed I got worse all the time. I had ulceration and displacement of the uterus. What I suffered no tongue can tell. I had heavy bearing-down pains and thought my back would kill me. I also had a very bad skin, but after taking five bottles of 'Favorite Prescription' and three of 'Golden Medical Discovery,' I am feeling as well as ever. It has been almost two years and I have had no return of the trouble. My friends tell me I don't look as though I ever was sick."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## Kodol Dyspepsia Cure

Digests what you Eat

In speaking of indigestion, Dr. Lewis says: "It is deplorable that so many hundreds of thousands of Americans suffer from indigestion. It means that the blood of the nation is becoming impure; for undigested food poisons the blood. Unless a method is devised for overcoming this malady, our race must deteriorate."

Many persons use soda tablets to neutralize fermenting food; this only makes a chemical receptacle out of the stomach, and injures its sensitive structures. Others feed on pepsin, which is better, but not sufficient, for it digests only albuminous foods.

The preparation best fitted to relieve and absolutely cure indigestion is KODOL DYSPEPSIA CURE. It contains every known digestant and digests every kind of food. Its use is a common sense method of treating all stomach troubles, and the results are always certain.

It can't help but do you good

WEATHER FORECAST.  
Pratly cloudy tonight, Friday; probably showers.

WOULD HE REFORM?  
The most ardent admirer of Governor LaFollette will admit that under his leadership the party has been rent in twain, and that he lacks the ability to heal the breach.

However much the opposition to him may be censured and whatever opinions may be entertained as to who is responsible, the stubborn fact remains, that there is opposition, not of the school boy kind, but representing a strong and intelligent republican constituency.

The men who are working so persistently for the governor's renomination do not believe for a moment that success would change the attitude of the governor, towards the men who do not argue with him in the slightest degree.

They know that with all the admirable traits of character, which they admire, is a spirit that tolerates neither suggestion nor advice, and his most intimate friends have long since abandoned any effort to change him in this respect.

The contest now being waged, is not between Senator Whitehead and governor LaFollette, but it is between the strong and conservative element of the party and the governor.

The action is neither hasty nor ill-considered. It was instigated by a majority of the legislative body, after four months of effort to conciliate the man whom they had helped elevate to high office.

The action was not prompted by spite, nor a desire for revenge. It was not accomplished in the interests of any man, nor set of men. The sole and only object was to save the party to the principles of republicanism, and place some man in the executive chair, who was in sympathy with the work.

This does not mean that governor LaFollette is not a republican, nor that the men in sympathy with him are not honest in their convictions, but it does mean that the governor in his strenuous efforts to carry out his own policy, at the expense of everything else, places personal judgment above party council, and says by his acts, "I am greater than the party."

This is egotism pure and simple, and when carried to extremes by men in public life, it amounts to intolerance.

The republican party is greater than any man connected with it. Leaders usually recognize this fact and are glad to work in harmony with their party, but LaFollette is not this kind of a leader, and men who do not agree with him, have long since discovered that their presence is obnoxious, and their advice would not be tolerated.

These are the conditions that confront the party today. Party harmony with governor LaFollette is an impossibility. The people are not surfs and they will not bow to the dictation of any leader.

If harmony is desirable and the party is to sustain supremacy, it is the one question that should be thoughtfully considered by every intelligent republican in the state.

It isn't a question of whether you are a Whitehead or a LaFollette man. While Senator Whitehead has been honored by being selected to lead the party, he is simply an incident, and if he were removed by death tomorrow, the campaign would be pushed with the same vigor.

This is not true of the governor. If he should disappear from the stage of action that would be the end of Laolletteism and of a disrupted party. No other man in the state would attempt to represent him, because there is nothing to represent.

Loyalty to party means something but blind loyalty to an individual who promotes nothing but continued strife in the ranks of the party, is misdirected and intelligent men who take time to look at the situation fairly, laying aside all prejudice, will discover that there is everything to lose, and nothing to gain, by the renomination of a man who refuses to reform.

The republican party will never unite under the direction of R. M. LaFollette, because he blocks the way by impassable barriers.

THE DIFFERENCE.  
The Milwaukee Sentinel sizes up the situation and the two candidates for governor, in the following plain terse language:

As the day is rapidly approaching when the counties will be called upon to elect delegates to the Republican state convention it behooves Republicans to run over in their minds the history of the last seventeen months, to the end that they may act understandingly when they come to cast their votes for delegates. The right of franchise is linked with a responsibility. The voter who takes it upon himself to express a choice as between candidates is called upon to acquaint himself with the political situation in order that his choice may be an intelligent one. At this time, therefore, the Sentinel feels justified in reviewing briefly as may be the characters of the two men who are candidates in this campaign, and

in doing so it refers to the public records for proof of the correctness of its statements:

Governor LaFollette opened his career as an executive by demanding that the legislature pass the Stevens primary election bill.

Mr. Whitehead has demonstrated that the Stevens bill was faulty in construction, unwise in conception, and that its enactment into law would have been little short of a public disaster.

In pursuance of his determination to force the legislature to obey his commands, Gov. LaFollette adopted a course that drove those who did not agree with him into open revolt and inaugurated a factional contest in this state which has no parallel in Wisconsin's history.

Mr. Whitehead has always depended on reason as a means by which to win others to his opinions. He has none of the elements of a dictator in his make-up.

Governor LaFollette pretending to be in favor of the equalization of tax burdens, vetoed the Frost Mortgage taxation bill, a measure which was designed to remove an unjust tax from mortgaged real estate.

Mr. Whitehead's record since he first became a member of the state senate has been that of a consistent and persistent advocate of taxation reform. He favored the law appointing the first and second tax commissions and has labored earnestly to aid in securing data and information by which the reform movement might be advanced.

Governor LaFollette has destroyed the civil service of the state by organizing petty officials into a political machine for the advancement of his personal political fortunes.

No one who is acquainted with John M. Whitehead would accuse him of knowing how to organize a political machine if he had ever opportunity to do so. His mind naturally runs to problems of statecraft to the exclusion of practical politics.

Governor LaFollette has caused to be issued an order that hereafter heads of state institutions will not be allowed to nominate their own deputies. He has in the case of the warden of the Waupun prison, established a precedent whereby the board of control is deprived of a voice in the selection of the heads of institutions. These are the first steps by which he purposed to overthrow the system under which the charitable and penal institutions of the state are managed and by which he will gather into his own hands the reins of absolute power. In this way the LaFollette machine is to be enlarged at the expense of the insane the blind, the deaf and dumb, the unfortunate boys and girls who are confined for correction and the criminal classes.

As Mr. Whitehead was not endowed by nature or schooled by experience in political machine methods, he could no more run an organization of this kind than he could perfect one. He would restore the civil service and the state institutions to their former excellent standards.

Governor LaFollette is a destructive politician; John M. Whitehead is a constructive statesman. The one would tear down, the other would build up. The one stands for government by the boss, the other for representation of government through the co-ordinate branches chosen by the people. LaFollette is arbitrary, dictatorial, violent and sensational in his methods; Whitehead is studious, quiet, conservative and conscientious. LaFollette is lavish and eloquent with promises of what he will do in some indefinite way to bring about startling results; Whitehead promises nothing he cannot perform and he will redeem every promise he makes—it is the nature of the man.

There is much more that may be said along these lines and it is the duty of Republican voters who honestly hope for a return of the harmony of former days to ponder the subject well. It should be remembered that for years Governor LaFollette strove to bring about the division in the party that all now deplore except himself and his immediate following. When he was given power he used it to carry forward the work of party destruction upon which he previously had been engaged. It is for the Republican voters of Wisconsin to decide whether the interests of one man or the interests of the party and state are the greater.

The editorial from the Milwaukee Sentinel, in another column, is well worth careful consideration. It is a fair and impassioned statement of the situation, and of the two men whose names will be presented to the republican state convention for the office of governor. Any unprejudiced mind will admit that Senator Whitehead possesses elements of statesmanship that are totally lacking in governor Laollette.

Russel Sage at the age of 86, is confined to his home with gripple. The old gentleman has been so active in business, that he is rarely away from his office and it requires a physician and attendant to keep him indoors. He has lost none of his mental vigor and does not believe in the infirmities of old age.

Roswell Field is authority for the statement that if the high price of meat continues, locust pie and tumblebug tarts will be in great demand.

Alice Meyer, a telephone girl of White Plains, has been arrested for

alienating the affections of Mr. Wetmore, sixty miles away. Mrs. Wetmore was the complaining witness. Microbes are not the only dangerous things about telephones.

The latest substitute for meat in Virginia is locust pie. If the game infests Wisconsin, the governor's wardens should be instructed not to interfere. With a tax on oleomargarine, and a game warden in every county, the necessities of life are becoming a little burdensome.

Tom Johnson, the erratic mayor of Toledo, proposes to make a campaign tour of the state, with a circus tent. He hopes to land the democratic nomination for governor. Wisconsin has the circus without the tent.

If a half mile of macadam street costs \$13,000, how many miles will it take to keep the stone crusher busy all summer?

Automobile accidents are of daily occurrence in New York, and the city courts are crowded with damage suits.

The new Beloit hotel project is said to be at a standstill, for lack of funds.

PRESS COMMENT.  
Evening Wisconsin: Any policy with respect to the tariff on which senators Spooner, Aldrich, Platt and Allison agree with Pres. Roosevelt, will be accepted by the industrial interests of the country as perfectly safe.

Oshkosh Northwestern: And so the governor of Kansas has decided to pardon Mrs. Carrie Nation, also admitting the balance of her fine of \$100. Well, probably it is better so, and it is to be hoped that the poor old lady will know enough to behave herself in a more seemly manner in the future.

Ladysmith is becoming metropolitan. ## MERCHANTS WANT A CELEBRATION

If the Glorious Fourth is To Be Observed, Plans Must Be Made at Once.

As the Fourth of July draws near this is the question which the people are asking of themselves and of each other. As yet the interest is rather apathetic for no attempt has been made to awaken it. Still the interest exists. Nearly every business man in the city is in favor of having a celebration. All the movement needs is a head, some one to stir things up and set the ball rolling. The others stand ready to help.

Interviews with many of the leading business men in the city were all similar in nature. Each one hoped the city would celebrate and each was willing to do his share financially. As to the large amount of personal work involved in a celebration there were not so many volunteers. The majority were willing to help but they didn't want to work too hard. They agree that a celebration means a great deal of work for a few people but think it is altogether desirable, nevertheless.

Of course it is to be expected that restaurant proprietors, confectioners, ice cream dealers, soda water mixers, hotel keepers and saloon men are anxious for a celebration, because they are the ones who gather in the dollars on the nation's birthday. But they are not the only ones.

**Comes in Chunks**  
Clothing and dry goods merchants are just as eager as ice cream dealers for a celebration. They say that while the money is left in chunks in other hands it soon gets into circulation and the city in general reaps the benefit. Business men say that there was never more outside money left in the town than two years ago when all celebration records were broken by the mammoth mock circus parade. A celebration means several thousand dollars left with Janesville business men.

**Want Celebration**  
There is unity of opinion that if anything is attempted it must be carried out in good style. The city established a record two years ago which must be sustained. Last year nothing was done and the general opinion is that another Fourth should not be permitted to pass by quietly. In these times of general prosperity there is plenty of money and people are willing to spend it.

**Need A Leader**  
A leader is the first thing needed, if the wishes of the business men are to be carried out. The time for plans and preparation is none too long now and some definite action must be taken in the very near future if anything is to be done.

### CITY NEWS IN BRIEF

**No Show Given**—The William Owen company did not give any performance last night on account of the small audience and returned the money.

**Crooks Were Watched**—Detectives Watson and King of the St. Paul force accompanied the excursion train yesterday and kept watch for pickpockets and crooks.

**Will Build Bridge**—A number of workmen arrived here this morning on their way to Beloit to put in the bridge for the Beloit, Delavan Lake and Janesville electric line, alongside the city bridge in Beloit.

**Run By High Officials**—Supt. P. C. Eldredge of the Prairie Du Chien and Mineral Point divisions and G. R. Morrison of the Racine and Southwestern and Council Bluffs divisions of the St. Paul road, looked after the running of the Woodmen excursion trains to Rockford yesterday.

**Had Most Woodmen Present**—It is said that Janesville had the largest delegation to the Woodmen picnic at Rockford yesterday and on account of Janesville's having the picnic in 1903, the Imperial band and Florence camp lead the procession.

**Another Meeting**—Major P. Glen, of the Salvation Army, will give a special meeting at the First M. E. church on Friday evening, June 6. Everybody is welcome at this meeting.

**Figure on Post Office**—A number of contractors have been figuring on the new post office building. Several outsiders have been here looking over the ground and finding out what materials can be secured here. The bids will be opened in Washington on Wednesday, June 11.

**Missionary Meeting**—Miss Bullock and several local speakers will give brief addresses on missionary topics at the Court Street M. E. church this evening. The Woman's Mission Circle having been given charge of the prayer meeting service. The excellent program will be of special interest to the young people and the public is cordially invited to be present.

**Candidate For County Clerk**—Janesville, Wis., June 5, 1902. I wish to announce that I will be a candidate for re-nomination for County Clerk before the next Rock county Republican Convention.

Heartily appreciating the support I have received in the past, I most respectfully solicit the support of the Republican voters of Rock county for a re-nomination.

F. P. STARR.

**Candidate For County Clerk**—I hereby announce myself as a candidate for County Clerk and respectfully solicit the support of the Republicans of Rock County, at the coming county election.

## CLEVER THIEVES ROB TWO HOUSES

They Enter the Vankirk and Denison Homes While Families Are Away.

About five o'clock last evening, C. N. Vankirk reported to Chief Hogan that some one had gone through his home on Wisconsin street and secured a gold watch and chain, a gold ring and \$10 in money.

**Time Not Certain.**  
He did not know definitely what time the robbery was committed, but thought it must have been between the hours of eight in the morning and twelve o'clock noon, as Mrs. Vankirk was at the cemetery between these hours and the house was left alone.

There is no clew as to how the robber entered the house, but it is supposed he climbed up on the porch and entered a rear window. A stranger was seen about the place during the morning by the neighbors but no attention was paid to him as they supposed he was working for Mr. Vankirk.

**Another Burglary**  
During the time that the burglar was working in Vankirk's house, Mrs. Holloway who resides near there was in her yard hanging out clothes. Six men were at work laying sidewalk alongside of St. Mary's church just across the street and all saw the man but thought he was some sort of an agent.

**Same Man**  
After leaving Vankirk's house he walked across the street and stood on the corner in front of Alexander MacGregor's house and was seen by Mrs. MacGregor.

He is described as being of medium height, dressed in a dark suit of clothes and wore a light fedora hat with a black band and patent leather shoes. The way he was dressed misled all who saw him, and no one took him for a burglar or a sneak thief.

**Told of Stranger**  
After Mrs. Vankirk came home she did not know anything was wrong, until her mother, Mrs. MacGregor, spoke about seeing the man about the house. She then made a search and discovered her loss. The man that went through Vankirk's house evidently did not leave town until late in the evening as some one entered Rev. R. C. Denison's home some time between eight and ten o'clock and carried off a pocket book containing \$3, and a gold watch and chain belonging to Rev. Denison's mother.

**Used Same Methods**  
The thief used the same tactics at Rev. Denison's home, that he did at Vankirk's and escaped without being detected.

Last night the organ recital was held at the church and Mr. Denison thought that on account of not feeling well he would not go. He thought he could hear the music through the open windows of the church. Later the windows in the church were closed on account of the cold air and shut out the music, so Mr. Denison left the house and went to the church.

**Watched The House**  
The hired girl had gone out shortly before this and had locked the side door and had put the key under the mat. When she returned home she found the key under the mat where she had left it, but the door was unlocked. She informed Mr. Denison of the fact and a search showed that the house had been entered by thieves and the watch, chain and money taken.

Evidently the thief did not make a very thorough search of the house as Mrs. R. C. Denison's pocket book and watch were in another drawer of the dresser and were not touched.

**Thought To Be Expert**  
Circumstances would seem to point to the man as being the same one that robbed two houses in Madison on Tuesday in exactly the same way and got clear without being seen or leaving any trace of his work behind him.

Chief Hogan is looking the matter up, but thinks that there is very little hope of locating the thief.

**A CHARMING WEDDING**

Miss Conley and Mr. Buchanan Married Last Evening

Miss Kathryn Conley and James Buchanan, well-known young people of this city were united in the holy bonds of matrimony last evening, the ceremony which made them man and wife being solemnized at the parsonage of St. Patrick's church at 7:30 o'clock. The nuptial blessing was bestowed by Rev. Father J. J. Collins in the presence of a small company of relatives and immediate friends.

Miss Agnes P. Hines, of Chicago, was the maid of honor and Charles Ellis was the groom's attendant. The ceremony was followed by a reception tendered the newly married couple at the home of the bride's mother, Mrs. D. Conley, 351 - South High street. The parlors were handsomely decorated with cut flowers and an elaborate wedding supper was served. Smith's orchestra furnished some excellent music and George Hatch sang several selections very acceptably.

Mr. and Mrs. Buchanan left on the 12:10 train last night and after spending a few days in Madison and Milwaukee, they will return to this city to reside. A large number of costly gifts testify to the affection of the large circle of friends with whom both bride and groom are popular.

## REV. A. L. ROYCE HAS PASSED AWAY

Former Rector of Christ Church Dies in St. Luke's Hospital in New York City.

Rev. Alfred Lee Royce, a chaplain in the United States navy and a former pastor of Christ Episcopal church of this city, died in St. Luke's hospital, New York City, of a complication of diseases, on May 27. Funeral services were held May 30 from the United States Naval Home at Philadelphia, of which institution Rev. Royce was chaplain at the time of his death. The interment was in Arlington, Washington, D. C.

News of Rev. Royce's death was received by William Ruger in a personal letter from Charles C. Cornwell, commander of the home, who wrote at Mrs. Royce's request. Deceased was well-known in this city, having been rector of Christ church for over four years. At the time of his death he was a member of Badger Council, No. 223, Royal Arcanum, of this city, having joined the lodge January 14, 1879, during his residence here.

Rev. Royce resigned the pastorate of Christ church to enter the service of the U. S. navy, receiving his appointment on recommendation of Vice President Wheeler, who was his personal friend. During the late war with Spain he was chaplain of the flagship New York and officiated at the prayer service held when Lieut. Hobson and his companions embarked on their perilous mission of sinking the Merrimac. or the past two years he had been on duty at the U. S. Naval Home at Philadelphia.

Chaplain Royce was a writer and magazine contributor of some note and his pen was responsible for many valuable articles on the cruises of different battleships. He was an eloquent speaker also, and after the late war he delivered several addresses on the siege of Santiago. He leaves a wife surviving.

### A LUCKY ESCAPE

Messenger Boy Has a Close Call With A Horse And Smashes Wheel

Robert Clark, one of the obliging messenger boys in the employ of the Western Union Telegraph company, met with an accident, last evening, from which he fortunately escaped unharmed but in which his bicycle was badly smashed.

About six o'clock Master Clark was riding down South Main street and being thirsty, he turned in toward the drinking fountain in front of the court house park. As he did so, a horse that was passing, going the same way as the bicyclist, caught one of his hind hoofs in the rear wheel of the bicycle, throwing the rider off.

The horse then dragged the wheel over in reach of his other hind hoof and when he finished with it the spokes were all smashed out, the tire ruined, and the rim and frame broken. The bicycle was a wreck, the greater part of it being beyond repair.

Chief of Police Hogan came to the rescue of Master Clark, who was mourning the loss of his wheel, and persuaded the gentleman who was driving the horse that had done the damage to give the boy five dollars. This morning Master Clark added fifteen dollars to this amount and purchased himself a brand new wheel.

# ANOTHER LETTER BY WHITEHEAD

Continued From Page 1.

of the Tax Commission, thereby fixing upon him direct responsibility to the state for the performance of their duties. But no provision is made enabling him to become informed as to their work from time to time, or as to the character or contents of their report, or any legislation they may propose. It would seem to me advisable that the Commission should be required to furnish such information to the Executive respecting its work as he may call for from time to time; to confer and consult with him in the prosecution of the work; and at least sixty days before the meeting of the Legislature to make its report to the Executive, who should transmit the same to the Legislature upon its assembling, together with any recommendations based thereon.

"While the act provides that the Commission shall have general supervision of the system of taxation throughout the state, that it may require local officers whose duties pertain to the assessment and collection of taxes or the disbursement of public funds to report to it, no authority is given to prescribe and enforce any rules or exercise any control whatever for the correction of faults found, or to exact a more faithful performance of duty on the part of local assessors. Supervision in this limit serves no end, except as an aid in securing information; and the single purpose of the law would seem to be the securing of information, the report of the same to the Legislature with recommendations respecting legislation thereon.

"In extending the term of service over a period of ten years, and fixing the salary of the Commissioner at \$5,000 and the two Assistant Commissioners at \$4,000 each, the Legislature was undoubtedly prompted by the desire to attract to this service men of ability and fitness, such as the work demands. It does not, however, appear reasonable that it should require ten years to revise the tax system, or that when a revision has been completed by the Legislature that it should require the services of the Commission as a standing committee on revision for six or eight years thereafter. The period covered by two biennial sessions of the Legislature would appear to be a generous allowance of time for a thorough and complete performance of all the work contemplated by the law.

"It is in no sense a disparagement of the value of the Commission's services, or the importance of the work, which prompts me to recommend that either the powers and duties of the Commission be greatly extended or that the term of service be shortened to a time consistent with the accomplishment of the duties denoted by the law as it now stands.

"Even if the term of service is shortened, an enlargement of the powers and duties of the Commission along certain lines would aid greatly in the work and facilitate, I believe, perfecting a complete tax system. In the solution of any practical problem experience is of great value. If, while engaged in formulating and revising the law, the Commission's power is extended to a supervision of its operation and enforcement, time will be saved to the Commission and the state in the end. Observation of the working of the machinery of the law in its details on the ground will be of immensely greater practical value than a much longer period of time spent in the office in purely constructive work. The information so obtained will be reliable, the recommendations based thereon simple and practical, their application already demonstrated.

"Hence, I recommend that you so legislate as to require the Commission not only to have a general supervision of the system of taxation, but to take such measures as will enforce the provisions of the law, that all property be placed on the assessment roll at the actual cash value, that it be required to institute proper proceedings enforcing penalties provided for public officers whose duties pertain to the assessment and collection of taxes, and against individuals and the officers of corporations failing to comply with the provisions of the law with respect to the disclosure of property for assessment; to prefer charges for the removal from office of any assessor who has violated the law respecting assessment, and, in the prosecution of the same, authorize the Commissioner to call upon the Attorney-General or any district attorney of the state to prosecute any violation of the law respecting the assessment and collection of taxes; to visit, through some members of the Commission, each county in the state, personally and investigate the work of assessors, with authority to summon the assessors of the county to appear before such Commission, or any member thereof, and to submit to examination respecting the performance of their duties as such assessors; to have full power and authority to take testimony and examine individuals and officers of corporations, and require the production of books and papers; and where the offices and books and papers and any of the witnesses are located outside of the state, whenever necessary, to be empowered to take depositions in order to procure such information as may be useful either in enforcing the law or in enabling the Commission to recommend legislation; to examine upon their own motion, or upon the information of any individual, into any complaint as to property liable to taxation that has not been assessed, or to take such proceedings as will insure its assessment under the law, whether such property be owned by an individual, a co-partnership, or corporation.

"While added powers and duties herein suggested will in their performance, make some demands upon the time of the Commission, I believe that knowledge on the part of the assessors and tax officers that the Commission is clothed with such power and authority will go a long way towards securing strict obedience to the law on the part of such officers. With the certainty that they are liable to be called upon to report fully to the Commission with respect to the performance of their duties at any time, their work will be performed with a view of being subjected to scrutiny and investigation, which, in and of itself, will produce radical reform at the outset."

JOHN M. WHITEHEAD.

## MODEL MILL CITY DESTROYED

Lifelong Dream of Chicago Millionaire Ends in Smoke.

New Orleans, June 5.—Ruddock, La., the ideal mill city of Louisiana and the lifelong dream of Charles H. Ruddock, the millionaire lumberman of Chicago, was almost wiped out by fire. It is impossible to estimate the loss, for the whole place is in a panic over the destruction of the immense plant of the Ruddock Cypress company. Ruddock is thirty miles north of here on the Illinois Central railroad. The Ruddock Cypress company was one of the largest and most modern plants in the south. Chicago capital was behind it.

KIDNEY TROUBLES.  
Mrs. Louise M. Gibson Says That This Fatal Disease Is Easily Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I felt very discouraged two years ago, I had suffered so long with kidney troubles and other complications, and had taken so much medicine without relief that I began to think there was no hope for me. Life looked so good to me, but what is life without health? I wanted to be well."

MRS. LOUISE M. GIBSON.

"Lydia E. Pinkham's Vegetable Compound cured me and made me well, and that is why I gladly write you this, and gladly thank you; six bottles was all I took, together with your Pills. My headache and backache and kidney trouble went, never to return; the burning sensation I had left altogether; my general health was so improved I felt as young and light and happy as at twenty."

RECEPTION GIVEN  
AFTER RECITAL

Mr. and Mrs. W. S. Jeffris Entertain  
Friends in the Congregational  
Church Parlors.

At the close of the organ recital at the Congregational church last evening, Mr. and Mrs. W. S. Jeffris charmingly entertained a large company of friends at a brilliant reception given in the church parlors. The guests of honor were Harrison M. Wild, the Chicago organist, who gave the opening recital on the Memorial organ, Mrs. John G. Rexford and Messrs. F. W. Hedgcock, E. D. Jarline and A. Gustavson, representing the W. W. Kimball company of Chicago, builders of the organs.

The invited guests included the leading society and musical people of the city. The receiving party, including the talented people in whose honor the reception was given, stood in the club room, which has been artistically furnished and decorated by Mr. Jeffris for his Sunday school class of boys.

The three cheery, homelike parlors of the church were thrown open and handsomely furnished with oriental rugs, draperies and cushions. The air was sweet with the fragrance of immense bunches of white syringa, effectively banked in the corners of the rooms and a softened light diffused from red shaded candles in brass candelabra.

The reception was delightfully informal, which is always made the rule when Mr. and Mrs. Jeffris entertain and an hour was spent in unrestrained sociability, enjoyed by all who were privileged to participate in the hospitality extended. The Chicago gentlemen are all very pleasant to meet in a personal way, Mr. Wild being an exceptionally charming conversationalist.

Ice cream and cake were served during the evening and host and hostess being assisted in caring for their guests by Messrs and Mesdames M. G. Jeffris and D. K. Jeffris, Misses Sue Jeffris, May Valentine, Anna Valentine, Elisabeth McKee, Immaculate Keller, Rosena Keller, Alice Estes, and Coral Bonesteel and Messrs. Fred Sutherland and Charles Johnson.

Mr. and Mrs. W. S. Jeffris have represented their father, David Jeffris in the transaction of all the business relating to the erection of the memorial organ and to the vital interest which they have taken and the untiring efforts they have exerted, the Congregational church is largely indebted for the excellence of the instrument secured.

Lot Owners Protest Against Practice  
Of Building To Curb

The practice of property owners putting their sidewalks out to the edge of the curbing has raised a storm of protests from the people residing on South Second street.

The street was macadamized last year and in one place near Main street the sidewalk for a block is out to the edge of the curbing while in the next block it is back to the lot line. Yesterday another property owner started to move his out to the curb and was stopped by the street commissioner. The property owners on the street have a petition to the council asking that the sidewalks on the street be laid in accordance with the ordinance, and be back to the edge of the lot and not out to the edge of the curb.

The petition has been signed by all of the property owners on the street with the exception of one or two and will be presented to the council at the meeting on Monday evening.

There are quite a number of places throughout the city where in one block the sidewalk is out to the curb and in the next block back to the lot line. In some places this occurs in the same block and is very unsightly and inconvenient.

The Woman's Missionary society of the Baptist church will meet at the home of Miss Ella Pratt, 297 North Jackson street, tomorrow afternoon with Mrs. M. P. Leavitt as leader. The subject will be The History of Christian Missions from the Fifth to the Eighth Century.

Members of the Rusk Lyceum will enjoy their annual banquet at the Hotel Myers this evening. Supper will be served in the hotel ordinary at 7:45 o'clock, and will be followed by a program of impromptu toasts. Matthew Hobery, president of the class, will be toastmaster.

Buy a fine watch on the installment plan. Gold filled case \$3 cash and 25 cents a week. A silver case watch, \$1 down and 25 cents a week. Fair.
